PAYMENT POLICY:

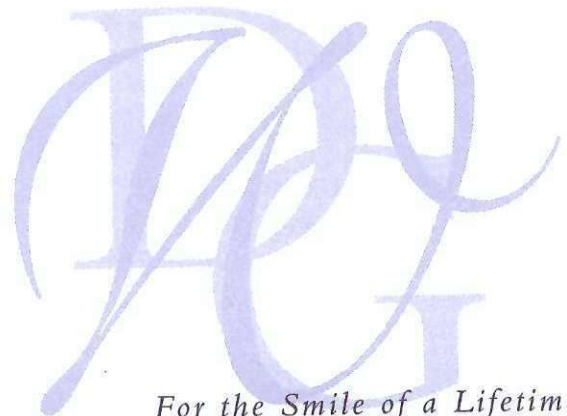

Our mission is to deliver the finest dental care available today. Fine dentistry is truly an investment. Our goal is to help you make this investment possible.

A partial payment for your next visit is due when scheduling that visit, to reserve your appointment time. For those who enjoy dental insurance benefits, the benefits will be assigned to you, and you will receive reimbursement from your insurance carrier.

If using a third party lending company (Care Credit) we will still require a partial payment for next visit when appointment is made, as the Doctor is paying the interest for you.

We are happy to assist you in billing your insurance company and maximizing your benefits. However, you are ultimately responsible for the cost of treatment performed. We have provided a plan for you to enhance your health and wellness and we are committed to exceptional care.
